

BYLAW No. 09-2025

A BYLAW OF THE R.M. OF BRITANNIA NO. 502 TO AMEND BYLAW No. 24-2021 KNOWN AS THE ZONING BYLAW

The Council of the Rural Municipality of Britannia No. 502, in the Province of Saskatchewan, enacts this bylaw to amend Bylaw 24-2021 as follows:

1. **PART 2 – INTERPRETATION**, is amended by adding, in the appropriate alphabetical sequence, the following new definitions:

“

Bare-land Condominium: a type of condominium as defined under *The Condominium Property Act, 1993*, as amended.

Bare-land Unit: a type of land within a condominium, as defined under *The Condominium Property Act, 1993*, as amended.

Commercial and Industrial Building Complex: A building or collection of buildings located on a single parcel in which two or more commercial and/or industrial uses may be located. Buildings may be divided into individual leasable units, or may be separated into multiple fractional share units within a bare-land condominium. Individual uses within the building complex are subject to any regulation(s) pertaining to the applicable zoning district and specific use within this Bylaw.

Condominium: as defined under *The Condominium Property Act, 1993*, as amended.”

2. **PART 3 – ADMINISTRATION, 3.5 Application Requirements**, is amended by deleting clause 3.5.1(7) in its entirety and replacing it with the following:

“

(7) Any other information as may be required in support of the application where, in the opinion of the Development Officer, it is necessary to confirm that a proposed development would comply with the RM's planning bylaws, any legislation or regulation of a higher order of government, and is deemed suitable. This may include, but is not limited to, requiring a current Real Property Surveyor's Report, the location and volume of placement of fill, or planned flood-proofing and mitigation measures prior to the issuance of a decision.”

3. **PART 3 – ADMINISTRATION**, is amended by adding a new section after 3.6 *Development Permit Application Process* as follows:

“

3.6A Real Property Surveyor's Report Requirements

3.6A.1 A Real Property Surveyor's Report (RPSR), completed by a licensed Saskatchewan Land Surveyor, shall be submitted no later than 30 days after the municipal Building Official has completed the foundation inspection (or at a similar stage of development, where a foundation inspection is not required) and prior to any further development, where:

- (1) A proposed development on a development permit application is located on lands that are deemed to be potentially hazardous by municipal planning bylaw, under provincial legislation or regulation, and/or which have a development standards interest registered to title pursuant to section 130 of the Act;
- (2) A development proposed on a development permit application is located within the H1 – Hamlet District, H2 – Hamlet Residential District, or RR – Resort Residential District; or
- (3) A proposed development is shown on a development permit application as located within 15.0m of a prescribed yard in any district not specified in (b);

3.6A.2 Notwithstanding section 3.6A.1, a Real Property Surveyor's Report is not required where the proposed development is a:

- (1) Deck, or similar ground-level structure under 0.6m above grade;
- (2) Single-storey accessory buildings with a building floor area less than 9.3m²;
- (3) Shipping container;
- (4) Fence;
- (5) Public utility;
- (6) Landscaping; or
- (7) Municipal Facility.

3.6A.3 All RPSRs submitted under this section shall:

- (1) Dimensionally show the location of all existing development within the subject lot and/or site, including items not always required on Real Property Surveyor's Reports, such as sheds, decks, shipping containers, etc.;
- (2) Be at the sole cost of the applicant; and,
- (3) Where submitted pursuant to section 3.6A.1(1):
 - (a) Provide elevations, dimensions and locations as required by the municipality or as directed or suggested in a section 130 development standard, as it pertains to potential flooding, slope stability, or other natural hazard. This includes, but is not limited to: foundation elevations, change in elevation throughout a parcel or site, slope setbacks, building envelopes, etc;
 - (b) Address any other matter specifically identified in a section 130 development standard where accurate and/or surveyed information is required, in the opinion of the Development Officer or as directed or suggested by the standard(s), to confirm development compliance."

4. **PART 4 – GENERAL REGULATIONS, 4.7 One Principal Building Permitted on a Site**, is amended by adding the following new clause after clause 4.7.1(12), and by moving the word "and," from clause 4.7.1(10) to clause 4.7.1(12):

"

- (13) uses within a commercial and industrial building complex."

5. **PART 4 – GENERAL REGULATIONS, 4.16 Permitted Yard Encroachments**, is amended by adding the new subsections after subsection 4.16.2 as follows:

"

4.16.3 Yard encroachments will be allowed up to the property line or bare-land unit line (zero-yard setbacks) where the following apply:

- (1) The development is a semi-detached dwelling or two-unit dwelling, where the building that is proposed crosses the property boundary between two contiguous parcels, and a common wall is proposed along the property boundary.
- (2) The development is a semi-detached dwelling, two-unit dwelling, or commercial or industrial building complex, where the building crosses one or more bare-land unit boundaries in a bare-land condominium, and common walls are proposed along the bare-land unit boundaries.

4.16.4 Where a yard encroachment is proposed under section 4.16.3, the municipality may require the following:

- (1) A party wall agreement to be registered against both certificates of title;
- (2) Individual service connections to each unit;
- (3) Confirmation of conformance to National Building Code and Fire Code;
- (4) A drainage plan; and
- (5) Any required easements."

6. **PART 5 – SPECIAL STANDARDS AND REGULATIONS, 5.1 Accessory Uses, Buildings and Structures**, is amended by deleting clause 5.1.3(2) in its entirety and replacing it with the following:
“
(2) **Country Residential Districts, including CR1, CR2, and CRMU:**
(a) Detached accessory buildings in any CR District shall not exceed a height of 10 metres.”
7. **PART 5 – SPECIAL STANDARDS AND REGULATIONS, 5.1 Accessory Uses, Buildings and Structures**, is amended by deleting clause 5.1.3(4) in its entirety and replacing it with the following:
“
(4) **Agriculture Resource, Commercial/ Industrial, Restricted Commercial, Industrial, and Conservation Districts:**
(a) Detached accessory buildings on non-farm residential parcels in the Agriculture Resource District shall not exceed the height of 10 metres.
(b) All other detached accessory buildings in any Agriculture Resource, Commercial/ Industrial, Restricted Commercial, Industrial, and Conservation District have no height restrictions.”
8. **PART 5 – SPECIAL STANDARDS AND REGULATIONS, 5.1 Accessory Uses, Buildings and Structures**, is amended by deleting subclause 5.1.4(3)(b) in its entirety and replacing it with the following:
“
(b) A maximum of five (5) detached accessory buildings or structures may be permitted. The maximum combined floor area for all detached accessory buildings requiring a building permit is 371.61 m² (4000 ft²).
9. **PART 5 – SPECIAL STANDARDS AND REGULATIONS, 5.1 Accessory Uses, Buildings and Structures**, is amended by deleting clause 5.1.6(2) in its entirety and replacing it with the following:
“
(2) a business dwelling as a residence for an owner, operator, manager, employee and/or partner engaged in a commercial or industrial operation, subject to the following provisions:
(a) Where where the dwelling is not pre-existing on site, the dwelling unit must be physically attached to the primary building where commercial or industrial operations occur;
(b) An attached business dwelling shall have a main entrance separate from that of the commercial or industrial establishment;
(c) An attached business dwelling must provide an emergency exit in addition to the main entrance;
(d) Only one (1) dwelling or business dwelling is allowed on a commercial or industrial site; and
(e) The business dwelling must clearly be subordinate to and support the principal commercial or industrial use.”
10. **PART 5 – SPECIAL STANDARDS AND REGULATIONS**, is amended by adding the following sections after “5.27 *Septic and Sanitary Services*”:
“
5.28 Commercial and Industrial Building Complexes
(1) One commercial and industrial building complex shall be allowable per parcel.
(2) All individual uses within a parcel with an established commercial and industrial building complex shall require permitting, and must comply with all use-specific regulations unless otherwise exempted.
(3) Notwithstanding (2):
(a) Required yards for individual uses within a parcel with an established commercial and industrial building complex shall be reduced to zero, where separated by a common wall.

- (b) Where separate individual uses are proposed within a building complex, the sum total of the buildings and structures covering the parcel shall not exceed 50% of the total area of the parcel; and,
- (c) The parcel area must exceed 50% of the combined minimum site area requirements of all individual uses in the applicable zoning district development standards regulations located on the parcel.
- (4) The general discretionary use evaluation in section 3.7.2 is deemed sufficient for this use.

5.29 Bare-land Condominiums

Bare-land condominiums shall be subject to the following:

- (1) All bare-land units must be directly accessed through common property.
- (2) Individual uses on bare-land units are subject to all regulations and permit requirements for the proposed use.
- (3) Unless otherwise specified, accessory building regulations prescribed in section 5.1 apply to each bare-land unit.
- (4) Where a proposal for a bare-land condominium includes bare-land units that will be entirely covered by a building or structure, at least 50% of the total bare-land condominium parcel area must remain dedicated to common property.
 - (a) Where this applies, front, side and rear yards within said bare-land units will be reduced to zero meters.
 - (b) Where this applies, minimum bare-land unit area will be reduced to 185.8m².
- (5) Bare-land units shall meet the following development standards, which supersede any development standards for the following uses:
 - (a) Commercial and Industrial Building Complexes in the H1 – Hamlet district:
 - i. Minimum bare-land unit area: 464 m².
 - (b) Commercial and Industrial Building Complexes in the C1 – Commercial/Industrial district:
